>> urbikon news

Liebe urbikon interessierte, es gibt einiges zu berichten

Voelle - Deine Wand

Der Jugendclub Voelkerfreundschaft in Leipzig Gruenau bekommt eine neue Fassade und sie koennen sie mit gestalten. Bis **Mitte September** finden sie unter <http://www.voelle.urbikon.com> eine Eingabemaske, die es Ihnen erlaubt, die Information ihres Wunsches codiert auf eine dort erscheinende virtuelle Fassade des Jugendclubs zu bringen. Wenn sie den Code einsenden, nehmen sie automatisch am Losverfahren teil, das entscheidet, welche der eingegangenen Codes zu den 20 gehören, die bis Ende des Jahres die Fassade schmuecken.

Stadtwanderung Leipziger Westen

Am 12.09. findet die große Stadtwanderung in Leipzig statt. Start ist an der Moritzbastei und der Weg führt über den Bahnhof Plagwitz bis zum Rodelberg am Kulkwitzer See. Wir werden für Information und Wegverpflegung sorgen. Naehere Informationen spaeter.

Grünau Tour

Zum Thema Sport und Freizeit findet am 13.09. eine 2-stündige Tour durch Leipzig Grünau statt, die wir im Rahmen des Zwischengruen Festivals vorbereiten. Auch hier gibt es demnaechst noch mehr Informationen.

>> Monochrome Architects: competition "City of Skycrapers"

I would like to ask you if you could include in your news also our info of the 3.international architecture biennale Ljubljana and competition which starts yesterday. It's important that you distribute the info because the competition enters are limited.

best regards, Spela Hudnik - MONOCHROME ARCHITECTS

THE COMPETITION TITLED CITY OF SKYSCRAPERS: www.architecturebiennaleljubljana.si/competition/,

will run as part of 3rd INTERNATIONAL ARCHITECTURE BIENALLE LJUBLJANA: EUPHORIA, organized by the Monochrome Arhitekti. It will take place at various venues across Ljubljana from 17 to 30 November 2005. Interesting events – exhibitions, lectures, projections and round tables – will once again host internationally highly renowned architects, designers, musicians and theoreticians. The latest “euphorias” of the current social development will be presented as well as architectural projects through different media. The biennale will address questions about the position of architecture in contemporary cultural practices, about different contexts of new social and urban structures, and questions about what brands and what spontaneous creations are.
